

World Class Event Catering Facilities from PKL

PKL are specialist providers of catering equipment and Portable Kitchens for hire and have over 21 years experience supplying to a wide range of events throughout the world. With over 900 Portable Kitchens and more than 8,000 items of catering equipment PKL can provide the perfect solution for any of your catering needs, whatever your event.

Major sporting events, music concerts, festivals, awards ceremonies, corporate hospitality, exhibitions and parties are just a few of the many markets they supply temporary catering facilities to each year. PKL provide everything from production kitchens, cold rooms and temperature controlled preparation areas to dishwashing units and full serving and dining solutions.

Major Event Catering

Major sporting events don't come much bigger than the Olympics and PKL is proud to have supplied catering equipment to the Games since Barcelona in 1992. For the Sydney 2000 Olympics they supplied the world's largest temporary kitchen facility while, at Athens 2004, the company provided equipment to serve 24,000 athletes, officials and staff on a daily basis. This works out at 75,000 meals each day!

Closer to home they have supplied catering equipment to a number of major events including the London Marathon, the Commonwealth Games and Wimbledon.

Away from sports, PKL supplies catering equipment to a wide variety of larger events throughout the country every year. Examples of these include crew and artist facilities for various concerts and festivals such as Glastonbury and the V Festivals in Reading and Leeds. They also supply an assortment of catering facilities to numerous police forces throughout the UK enabling them to provide hot meals for officers policing large events. Venues and exhibitions also have large requirements and PKL have supplied Earls Court, Wembley Stadium and the NEC.

Much of the company's business derives from supplying one-off functions such as private parties, conferences and summer balls.

Catering Equipment for any Event

Whatever your event, you will find the perfect solution to all of your requirements at PKL, whether it's a complete temporary kitchen building or stand alone items of catering or servery equipment.

Mobile Canopies are manoeuvrable factory-fitted units that come with easy to connect gas, electricity and ventilation and are designed for use specifically within marquees, sports stadiums and exhibition halls. In addition, PKL's vast range of catering equipment includes 10 and 24 rack combination ovens, turbo-fans, bratt pans, boiling pans, grills, fryers, flight dishwashers and blast chillers.

After working in the event industry for so long, they are aware of every client's needs. They understand how important the success of your event is to you or your client and that there is only one chance to get it right. They will do everything in their power to ensure that their equipment reaches the customer in the best possible condition. All their equipment is rigorously tested and commissioned in "Kit Heaven", Europe's largest equipment test and inspection centre for catering equipment, before it arrives at your event. In addition they can provide an onsite engineer for the duration of an event, giving you the peace of mind that if anything does go wrong, it will be remedied with a minimum of fuss.

PKL offers a fully comprehensive solution starting from a site survey to the collection of equipment once the event has finished. As standard they will provide Method Statements and Risk Assessments to ensure that health and Safety is adhered to at all times.

No Event Facilities? PKL supplies the Complete Package!

A recent innovation from PKL is their "Complete Package", a solution for venues with no event or catering facilities. The Complete Package has been designed to provide venues with the capability to hold an event of any size.

The smallest option offers facilities for up to 100 guests and can rise to cater for 300 or more. The Complete Package is supplied on a hire basis and it allows a venue owner to increase their function space for generating additional revenue with no capital expenditure. The Complete Package provides venues with a comprehensive facility including catering equipment to suit their requirements and can include preparation, production, storage and dish washing areas, along with a marquee, complete with seating, tabling, heating, lighting and a dance floor area.
